Full Information and Fees

THE SCOPE OF OUR LUXURY WEDDING PLANNING SERVICES VARY FOR EACH COUPLE.

FOR THOSE WITH LIMITED TIME OR LIVING ABROAD, FULL WEDDING DESIGN & PRODUCTION IS THE IDEAL OPTION. FOR THOSE WHO HAVE ENJOYED PLANNING THEIR WEDDING BUT WANT TO ENSURE EACH DETAIL IS EXECUTED FLAWLESSLY, DAY-OF COORDINATION IS PERFECT.

No matter what, it is your love story, personal style, and preferences that set the tone for your wedding day. We simply use our contacts and expertise to bring your dreams to life.

FULL WEDDING DESIGN & PRODUCTION

The average wedding takes 250 hours to plan. You don't want an average wedding though. You want an unforgettable, awe-inspiring, dream day that is worthy of your love story. This takes time and expertise to create.

From the moment we first meet until the last guest leaves, we make it our business to ensure every detail of your wedding is planned to perfection. We are not afraid to charter untested waters and there is no standard formula we adhere to; we work alongside you as a couple to bring your unique vision to life.

We begin with a venue hunt, visiting a shortlisted selection of venues together until you find your dream wedding location.

Once the venue has been decided, we develop an overall aesthetic for your day. Whether you envisage an ethereal and romantic wedding, an opulently styled occasion or a contemporary celebration with pops of colour, we will work to create a visual masterpiece that perfectly reflects your individual personalities.

From here it's time to introduce you to our network of talented and trusted suppliers who will make magic happen. Together we'll enjoy fun-filled afternoons of dress shopping, cake tasting, floral arranging, stationery designing, music meetings and much more. We will build a unique, handpicked team of talented professionals who will work seamlessly together to create a truly memorable occasion.

BRIDES ABROAD & INTERNATIONAL WEDDINGS

Whether you are planning a wedding in the UK while living abroad or inviting overseas guests to celebrate with you, international weddings present unique logistical challenges that we will expertly help you to navigate.

For Brides Abroad & International Weddings, we take care of each detail of the wedding just as we do in Full Wedding Design & Production. However, we also ensure that your guests are well coordinated. From wedding websites that compliment your stationery to beautifully appointed welcome baskets to greet your guests in their hotel suites, we make it our mission to ensure your guests are looked after.

For couples living abroad we are available despite time differences and varying holiday schedules via Skype or other conferencing methods. We understand that planning a wedding from far away can be stressful. So, we are always just a phone call, email, or quick Skype session away.

MULTI-DAY WEDDINGS

Hosting a wedding over several days is not only magical but also allows guests to meet before the wedding day, gives you time to spend valued time with loved ones and means that the festivities last a little longer. We specialise in planning and coordinating magnificent multi-day weddings that leave your guests feeling excited, entertained and thrilled to be celebrating a once-in-a-lifetime event with you.

As with our Full Design & Production service, we will guide you through each step of planning your wedding. Additionally, we will coordinate and plan other events to extend your wedding into a multi-day event taking into account your guests' activity levels and interests as well as your budget. Some of our favourite wedding events are:

1. A cheesemonger teaching guests about British cheeses while guests sip on paired wines.
2. An afternoon tea sommelier teaching guests about the British tradition.
3. An intimate friends and family dinner (i.e. 'rehearsal dinner') before the wedding day or a larger affair where all guests are invited.
4. Clay pigeon shooting for the gentlemen and a spa day or afternoon tea for the ladies.

In addition to the wedding day, the Extraordinary Days team will be with you for each event that we plan.

LUXURY LONDON WEDDING TOUR

For brides who have big dreams of the finest wedding London can provide, we offer a Luxury London Wedding Tour.

In one whirlwind day, you will visit a handpicked collection of London's most prestigious wedding venues and meet 2-3 of the wedding industry's leading florists, photographers and cake designers, all while sipping a little champagne along the way. Transportation is provided in a chauffeured Mercedes or Rolls-Royce between locations.

No two weddings are alike. Thus, the venues visited and suppliers met are entirely bespoke. Following your booking you will have a telephone interview with Extraordinary Days' Founder, Meghan Fay. Based on the information provided Meghan will personally customise your experience to suit your wedding style.

DAY-OF WEDDING COORDINATION

2 meetings + 1 venue visit + 2 wedding planners on your wedding day

Our day-of wedding coordination is for the bride and groom who would like to plan their own wedding but also want the best chance of perfection on their wedding day.

Upon booking Extraordinary Days for day-of coordination you will be given a detailed questionnaire to complete. Approximately six weeks prior to the day, activity will commence with an initial 2-3 hour meeting. In this meeting we will discuss every element of your plans. These meetings are never "on the clock" and we stay as long as needed to understand all aspects of your wedding day.

Next we prepare an event itinerary which includes vital timing and contact information for your wedding day. This itinerary is taken on our venue visit for review where we will walk through your entire wedding day. During this time we will discuss the finer details such as where suppliers are to be set up and the styling requirements. In addition we will finalise any last details on the to-do list and potential issues to be rectified before the wedding day.

Finally, 1-2 weeks before your wedding we will have a final checklist meeting.

Ahead of the wedding day we personally call each of your wedding suppliers to ensure all details are in place and to confirm that they have received a copy of our itinerary for the day.

On the wedding day Extraordinary Days' owner, Meghan Fay and a wedding planning assistant will guide and orchestrate your wedding for twelve hours.
