FULL WEDDING DESIGN & PRODUCTION

In “Full Wedding Design & Production” your wedding is a journey that we share together from the moment we first meet until the last petal has been swept off the floor. We are not afraid to charter untested waters and there is no standard formula that we adhere to. Each wedding planning experience is bespoke and tailored to you, your needs, and the grand visions for your unique day.

Full Wedding Design and Production incorporates the planning and design of every element of your wedding including, but not limited to:

Venue sourcing
Stationery design
Wedding Website Design

Guest RSVP Management
Floral Design
Lighting Design

Entertainment sourcing
Menu Design
Full wedding day coordination

Our clients are busy individuals who value our loyalty, discretion, and attention to detail in all elements of their wedding - from planning a perfect wedding day timeline to designing awe-inspiring florals. We love to give couples exactly what they dream of and have perfected the process by which we plan.

BRIDES ABROAD & INTERNATIONAL WEDDINGS

In “Brides Abroad and International Weddings” each detail of your wedding is taken care of, paying special attention to the logistical and design requirements that arise when you live abroad or have several guests traveling from overseas to celebrate with you in the UK.

Brides Abroad and International Weddings include the planning and design of every element of your wedding including, but not limited to:

Venue sourcing
Stationery design
Wedding Website Design
Multi-language considerations

Guest RSVP Management
Floral Design
Guest Accommodation
International marriage advice (legalities)

Entertainment sourcing
Menu Design
Lighting Design
Full wedding day coordination

Our clients are busy individuals who have lived international lives. They value our understanding of time zone differences in scheduling meetings, quick email responses, ability to see logistical problems before they arise, and ability to involve family members living abroad in the planning process. Often they are nervous about planning a wedding while living abroad, fusing cultures together, and providing accommodation for traveling guests. We work closely with our international couples to ensure planning is fun, to minimise stress, and to make their guests' experience magical.

MULTI-DAY WEDDINGS

Hosting a wedding over several days is not only magical but also allows your guests to meet before your wedding day, gives you time to spend valued time with loved ones and means that your festivities won't fly by in a blink of an eye. One of my specialties is in planning and coordinating magnificent multi-day weddings that leave your guests feeling excited, entertained and thrilled to be celebrating a once-in-a-lifetime event with you.

As with "Full Design and Production", each step of your wedding will be carefully attended to.

Additionally, pre and/or post-wedding venues will be sourced and events will be planned and coordinated to extend your wedding into a multi-day event.

There are activities to suit different guests' activity levels and interests as well as different budgets.

Some of my favourite wedding events are:

1. A cheesemonger teaching guests about British cheeses while guests sip on paired wines.
2. An afternoon tea sommelier teaching guests about the British tradition.
3. An intimate friends and family dinner (i.e. 'rehearsal dinner') before the wedding day or a larger affair where all guests are invited.
4. Clay pigeon shooting for the gentlemen and a spa day or afternoon tea for the ladies.

In addition to the wedding day, we will be there to oversee each event that we plan from start to finish.

DAY-OF WEDDING COORDINATION

2 meetings + 1 venue visit + 2 wedding planners on your wedding day

Day-of wedding coordination is for you if you would like to plan your own wedding but also want the best chance of perfection on your big day.

Approximately six weeks prior to your wedding day, we will start with an initial 2-3 hour meeting. In this meeting we will discuss every element of your plans. These meetings are never “on the clock” and we will meet as long as needed to understand all aspects of your wedding day.

Next I will prepare an event itinerary which includes vital timing and contact information for your wedding day. This itinerary will then be taken on our venue visit for review where we will walk through your entire wedding day. During this time we will discuss the finer details such as where suppliers are to be set up and your styling requirements. In addition we will finalise any last details on the to-do list and potential issues to be rectified before your wedding day.

Finally, 1-2 weeks before your wedding we will have a final checklist meeting. Ahead of the wedding day I will personally contact each of your wedding suppliers to ensure all details are in place and to confirm that they have received a copy of our itinerary for the day.

When your wedding day arrives, you will be confident that no detail has been missed.

On the wedding day, I will be there with a trusted assistant. From showing suppliers where to set-up, to perfecting bows on your wedding favours, we will handle all of the details that you don't want to (or don't have time to) so that you can spend the precious day doing what matters most - celebrating.

LUXURY LONDON WEDDING TOUR

In one whirlwind day, you will visit a hand-picked collection of London's most prestigious wedding venues and meet 2-3 of the wedding industry's leading florists, photographers and cake designers, all while sipping a little champagne along the way. Transportation is provided in a chauffeured Mercedes or Rolls-Royce between locations.

No two weddings are alike. Thus, the venues visited and suppliers met are entirely bespoke.

SAMPLE ITINERARY*

- 9:00 You are greeted at home by your chauffeur in a Mercedes or Rolls-Royce.
- 10:00 Meghan Fay, owner of Extraordinary Days, greets you at your first venue viewing.
*Here you will meet with the event coordinator and tour the facilities (e.g. hotel bedrooms, event rooms, spa facilities, etc.).
Along the tour you will discuss pros and cons of the venue as well as ideas for your wedding.*
- 11:00 Tea or coffee with one of London's top photographers at venue.
- 12:00 Personal chauffeured car to your second venue viewing.
- 12:45 Second venue viewing takes place.
- 13:45 Lunch at the venue allowing you to experience the food and service.
- 15:15 Personal chauffeured car to your final location.
- 16:00 Third venue viewing takes place.
Alternatively to viewing a third venue, you may choose to visit one of London's leading florists to discuss floral options and inspiration or to meet with a cake-designer and sample cakes.
- 17:00 Your personal chauffeur escorts you home.

**It is not mandatory, but we recommend a starting overall wedding budget of £50,000-£60,000 for this service due to the wedding venues visited and suppliers you will meet on your day out. However, there is no obligation to book any venue or suppliers.*

BOOKING PROCESS AND FEES

All Extraordinary services begin with a complimentary in-person meeting (or telephone/Skype call for international couples) to discuss your wedding.* Afterward, a bespoke proposal and quotation will be prepared.

As a guide, a minimum wedding budget of £60,000-70,000 is required for 100 guests. This is subject to change based on your guest count and other requirements.

“I don’t even know where to start. Meghan and the Extraordinary Days Team was such an amazing blessing to Guy and I. They ensured our special day was just absolutely perfect and that we were able to enjoy every second of it without a care in the world. It was an honour to have them plan our wedding”. - Cait and Guy, Bride and Groom
